

A close-up photograph of a man with a wide-eyed, goofy expression. He is wearing black-rimmed glasses with a piece of white tape stuck to the bridge. He has a slightly puffed-out mouth and is looking directly at the camera. The background is plain white.

**Tape**  
**can make smart people**  
**Look**  
**foolish.**

**Compared to our backup  
and disaster recovery solutions,  
tape storage  
looks pretty goofy.**

Replace your management-intensive, error-prone tape backup system with our easily deployed, onsite device. Saving valuable data is easier, and you'll be able to effectively restore critical information in a fraction of the time tape requires.

Our reasonable priced, comprehensive backup and disaster recovery solution provides:

- Access to e-mail, vital records or customer data within minutes rather than hours

- High-availability, redundant off-site co-location facilities

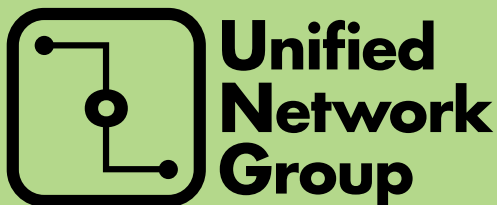

- Replaces management-intensive, error-prone tape back-up with a quickly deployed onsite device

Tape just isn't the best permanent method for storing data. Rely on our business and disaster recovery solution to protect valuable information and keep downtime to a minimum.

**Try Us NOW! Don't let system failures threaten the health of your business.**
